A Message from the Director

Thank you for taking the time to review our catalog. We started this school with the goal of training members of our community that are interested in becoming Professional Truck, Tractor or Trailer drivers. For more than a decade now, we have welcomed students from all walks of life, providing quality driving instruction at an affordable price by offering Tractor & Trailer Driving Courses.

In California, Truck Drivers must have a Class A driver's license to drive heavy trucks. All applicants for a class A license or for those that are renewing their license, must meet the following minimum requirements: have a good driving record; be at least 18 years old for driving within the state, or 21 years old to transport out-of-state cargo; plus they must pass a medical examination that requires good hearing, 20/40 vision, with or without glasses, normal use of arms and legs (unless one gets a waiver) and normal blood pressure. All drivers must pass written exams and road driving tests, and must meet the state licensing and driving requirements for the truck being driven, our students passing rate as of the last year is 95% on driving test and written test is 98%.

Our training programs are stress safety through knowledge of Federal Department of Transportation (DOT) rules and regulations. Candidates will be given necessary knowledge and classroom training to help them meet the stringent requirements of the national commercial driver's license examination.

I believe that you will find that the Skyway Trucking School offers a kind of short-term and medium-term programs for anyone interested in entering the trucking industry or for those that need to upgrade their employment skills.

Notice Concerning transferability of credits and credentials earned at our institution

"The transferability of credits you earn at **Skyway Trucking School** is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the **diploma** you earn in the **educational program** is also at the complete discretion of the institution to which you may seek to transfer. If the **diploma** that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will

meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending **Skyway Trucking School** to determine if your **diploma** will transfer.

ADMISSIONS

Statement of non-discrimination

Skyway Trucking School does not discriminate in its enrollment practices on the basis of race, religion, national origin, gender or ethnicity.

Admission

Required Statements

“A student shall enroll solely by means of executing an enrollment agreement. The enrollment agreement shall be signed by the student and by an authorized employee of the institution.”

Students who studied in a language, other than English at the secondary school level or whose native language is not English must take the Test of English as a Foreign Language (TOEFL) examination to determine if the student has sufficient English language skills to satisfactorily complete the institution’s programs. Students must have a minimum total score of **500** paper-based, **173** Computer-based **61**-internet based.

The school director or admissions officer will discuss the pros and cons of becoming a professional truck driver so candidates have all the relevant information to make an informed career decision. We believe it is important that candidates understand what it takes to become a professional truck driver before they get into the profession. You will be given a catalog. The student is encouraged to review the catalog and school performance fact sheet before enrolling.

During the discussion we will discourage candidates with bad driving records to enroll in the course. During the interview, we will point out the consequences of bad driving such as excessive citations and DUI violations when trying to obtain and maintain employment within the trucking industry. Again, we will emphasize safe and defensive habits are critical to the success of professional drivers.

To be accepted for training, applicants must be able to:

- Have a high school diploma or GED
- Submit current driver’s license
- Submit Social Security card
- Pass a DOT physical! Drug Screening
- Provide a DMV printout! Completed application form
- Personal interview(in person or via telephone)
- Completed enrollment agreement and a non-refundable \$75 registration fee

All students that attend Skyway Trucking School must be at least 18 years of age. State and federal law has set the minimum age of 18 for commercial driving for the State of California. Interstate drivers must be at least 21 years of age.

If you do not have a high school transcript or equivalent, you must take the **Wonderlic Basic Skills Test™**. This must be arranged with an independent test administrator. No further progress in the enrollment process can proceed until the results of the **Wonderlic Basic Skills Test™** are

received. You may not proceed further until the results of this exam have been received by the school. A graduate of a non-accredited high school, who is at least 18 years of age, or a transfer from a non-accredited collegiate institution, may be admitted if the Executive or designee determines the student is capable of profiting from the instruction offered at Skyway Trucking School and they successfully pass the **Wonderlic Basic Skills Test™**. A **minimum Verbal score of 200** and a **minimum Math score of 210** are required. If the prospective student fails the second test V-S 2, then she/he may take the test again with a sixty-day waiting period from the date the first/second test was taken in order to take V-S 1 or V-S 2 test again. If the prospective student fails the third test, she/he may take the V-S 1/ V-S 2 test within 12 months period. If admitted, you will be on a provisional status and thereafter must comply with all school rules and regulations and remain in good standing as a condition of remaining enrolled at Skyway Trucking School. Upon completion of 50 hours of work at Skyway Trucking School with a minimum grade-point average of 2.0, full status will be granted.

DOT Physical examination

Each student will need to get a DOT physical examination, before being accepted as a student. The DOT physical examination must be performed by an approved M.D., D.O, P.A, N.P. The physical examination is required by DOT to determine, whether it ever is physically fit to drive a truck. Every student is responsible for paying the fee for the DOT physical exam. The price ranges from \$35-\$75. If a student fails a DOT physical test he/she cannot get their “A” licenses and therefore will not be accepted as a student

DMV Driving Record Printout

Every student will be informed that a DMV printout is required by CHP to drive trucks during the training. DMV usually charges five dollars for such a printout. Which must be paid by the applicant, DMV wants to make sure, trucking school students have a valid class “C” license. Any applicant, who cannot obtain a DMV driving record for now, that confirms his or her valid class “C” license, will not be accepted as a student.

Skyway Trucking School does not currently participate in any form of Federal or State financial aid programs.

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal financial aid funds.

Skyway Trucking School does not currently participate in any form of financial aid programs.

Student Achievement

Grading Skyway Trucking School utilizes letter grades. Grades are reported to students in writing from the Registrar's Office. Grade reports are issued to students at the completion of each schedule level or module. Grades are based on the quality of work shown by written tests, practical work and projects as indicated on the course syllabus. The grading scale is as follows:

Letter Grade	Quality Points	Percentage	Indicator
A	4.0	100-90%	Excellent
B	3.0	89-80%	Good
C	2.0	79-70%	Average
D	1.0	69-60%	Below Average
F	0.0	Below 60%	Failure
I	0.0		Incomplete
W			Withdrawn

Application of Grades:

The chart above describes the impact of each grade on a student's progress. For calculating the rate of progress, grade of F (failure), W. {withdrawn}, and I (incomplete) are counted as hours attempted, but are not counted as hours successfully completed. A W. will not be awarded after reaching 60% of the term. Withdrawal after reaching 60% of the term will result in the students receiving an F. The student must repeat any required course for which a grade of F. or W. is received. Students will only be allowed to repeat courses in which they received a D. or below. In the case of a D. or F., the higher of the two grades is calculated into the CGPA.

Full tuition will be charged for any portion of a course that is retaken. To receive an incomplete, the student must petition, by the last week of the module, for an extension to complete the required course work. The student must be satisfactorily passing a course at the time of the petition. Incomplete grades that are not completed within two weeks after the end of the module will be converted to an F. and will affect the students CGPA. The school reserves the right to extend the time needed to make up an Incomplete grade.

Academic Probation and Drop Policies

At the end of the schedule module or level, a grade is assigned to each student based on the teacher's evaluation of the students in class performance and test results. If student's grade is below 70% the student will be automatically placed on academic probation, and is informed of this fact in writing.

This probationary status is removed and student repeats the module or level and completes the level or module by receiving a grade of C. (70%) or higher. The student on academic probation is allowed only one opportunity to earn the required grade by receiving a grade of 70% or higher, and *may* not repeat the program segment a second time. If the student's grade point averages has not return to a "C". (70%) or higher, the student is dropped from the program. A student is allowed only one academic probation during the scheduled length of a program. If the student succeeds in having this probation status removed in accordance with the above policy and if the student has earned 75% of the total grades, the student will be allowed a secondary academic probation.

Graduation:

Students who successfully complete their course with a grade C or better will be eligible for graduation. Eligible students or graduates from courses after passing their class "A" tests from the DMV will receive a diploma.

School Drop Policy

Students may be dropped by the School from a program for any of the following: unsatisfactory academic performance (below a "C") after given a probationary period; insufficient lesson responses, failure to complete program within the maximum timeframe allowed; medical excuse from physician; failure to adhere to Student Code of Conduct; failure to pay charges when due; breach of the school's ENROLLMENT AGREEMENT. Students may be readmitted to their program of study only upon approval of the Director.

Termination, Appeal, and Reinstatement;

Students find it necessary to discontinue their training, they should arrange to meet with the school Director to discuss that situation and submit written notification of the request. Students shall be terminated for failure to...

- Meet minimum standards for academic progress,
- Meet the minimum conduct standards of the school, or
- Fulfill their financial obligations according to their agreement with the school.

Whether termination of the student is voluntary or involuntary, students should realize that they will remain obligated for the amount of tuition and fees due the school based on the refund policy. Students have the right to appeal dismissal decisions made by the school of administration by submitting a written request to the school Director describing any circumstances or conditions, which warrant special consideration. If the appeal is accepted, the student may be reinstated according to special terms and conditions stipulated by the School Director. Apart from registration fee of \$75 there are no other administrative costs associated with withdrawal or termination.

Unofficial Withdrawal

If the student fails to attend school for more than 10 consecutive days, the school will consider this student a drop and automatically withdraw him/her from the program.

Automatic Withdrawal

A student will automatically be withdrawn from the program for the following reasons:

- Failure to attend school for 10 consecutive class days.
- Failure to return from an approved leave of absence on the scheduled return date
- Failure to maintain satisfactory progress for two consecutive modules.
- Failure to fulfill financial agreements
- Failing any course in the program twice during the one enrollment

Appeal

Suspended or terminated students may appeal the school's decision in writing to the school director. The school must receive the appeal from the student within three business days of being notified of the dismissal. All appeals will be responded to within ten (10) business days of receipt by the school.

Attendance Policies

The school's attendance policy approximates the exceptions found in a working situation. It is essential that each student learns the discipline of regular and prompt attendance as well as the skills involved in the trucking industry. Due to short-term nature of some of the courses, a regular attendance is very important during the training program. If student is absent from the course even once or twice, it will be very difficult to make up, especially the field training and students may not be able to graduate on time unless the student makes an effort to make up missed training. We will encourage all students to let us know if they cannot attend a class in advance due to sickness or family emergency and will make other arrangements to make up for lost school time. Students are expected to maintain good attendance. Students should strive to attend consistently in order to master the required skills in the time allowed. Failure to attend regularly and progress satisfactorily may result in loss of desired attendance schedule or possible dismissal from the program

Absence:

An absence will be considered as "excused" under the following conditions: Sickness, death or birth in the immediate family. All excused absences must be in writing and will have the

discretion of the lead instructor and/or the school director. All other absences will be considered "unexcused".

Tardiness:

Tardiness is a disruption of a good learning environment and is strongly discouraged. We believe that punctuality is very important not only during the course also in the trucking profession as a whole. Students who arrived more than 20 minutes late for class time during any given class are recorded as incomplete and considered absent for that class hour. Tardiness without good reason on three occasions will be considered "unexcused".

Makeup work:

Only excused absences will qualify for makeup work. Students must schedule makeup work with the instructor only. All incomplete work must be made up before a student can graduate from the course.

Leave of Absence:

Students are entitled to take only one leave of absence during any academic year. The duration of the leave of absence may not exceed 15 days. Requests for leave must be submitted to the school director and must include anticipated return date and be signed by the student. Failure to return to school as scheduled without prior written notification to and approval from the school director will result in immediate dismissal. The school Director may grant leaves of absence and/or waive. Interim satisfactory standards for circumstances of poor health, family crisis, or other significant occurrences outside the control of the student. It must be demonstrated that the circumstances had or will have an adverse impact on students satisfactory progress in the program. No waivers will be provided for graduation requirements. Time for an approved leave of absence will not be included in the calculation of a student's maximum program length.

Dismissal

Since registration is a kind of contract between students and the school, it could be canceled anytime by students without hindrance. The contract and cancellation form is ready in the office. Concerning refunds, see the Refund section. Any dismissed students who desires to be re-admitted must submit the application form for re-admission.

Students Rights

Students have the right to review their own academic records.

- Fair and effective teaching and grading at the advertised grade level
- Due process and an impartial hearing in any disciplinary matter
- Information privacy
- Fair and effective teaching and grading at the advertised grade level

Student Grievance Procedure

From time to time, differences in interpretation of school policies will arise among students, faculty, and/or the administration. Persons seeking to resolve problems or compliance should first contact the instructor in charge.

Requests for further action may be made to the school director. When such differences arise, usually a miscommunication or misunderstanding is a major contributing factor. For this reason, we urge both students and staff to communicate any problems that arise directly to the individual (s) involved. If the problem cannot be resolved in this manner, the school director should be contacted. Normally, in formal procedure of discussing the difference (5) will resolve the problem. In addition to compliance previously stated and appeals an academic nature a student has a right to complain to the institution. If a student wishes to file a written complain, they may do so. All written complains will be resolved within 10 days and will be sent to the student in writing.

Drug and Substance Abuse Policy

The Skyway Trucking School is committed to maintaining a comfortable and safe environment in which our employees can work and our students can pursue their academic objectives. Our commitment to helping to promote healthy lifestyles for our students and staff has resulted in the creation of a program designed to prevent the abuse of illicit drugs and alcohol. We are concerned for you, as an individual, as well as for the well-being of those around you. We strongly encourage you to participate in this program if you or someone close to you is experiencing a problem with substance abuse, or if you simply wish to become better educated regarding the various drug and health hazards they pose and possible legal consequences of participating in drug related activities. Any inquiries regarding this program can be made confidentially to the school director.

STUDENT SERVICES

Placement

Skyway Trucking Schools does not and will not guarantee a student that they will be placed with a specific company, in a specific time frame or that they will be earning the desired salary upon graduation. The demand for licensed truck drivers is such that minimal placement assistance is needed by students. The school maintains a list of contacts with area trucking companies and monitors local newspapers for truck driving positions appearing in classified ads. The school makes this information readily available to the graduates by means of posting on a bulletin board and through personal contacts with the graduates. Skyway Trucking School does provide all

graduates with assistance regarding placement opportunities, resume preparation, job search assistance, and interview counseling and advising. Skyway Trucking School is required under California law to track placement of its graduates for a period of up to six months upon completion of their program and to verify after employment.

This assistance consists primarily of educating students in developing the ability to successfully perform these tasks as they begin to seek employment:

- Preparing resumes
- Developing job interviewing skills
- Identifying job position openings
- Following up with employers after interviews
- Negotiating wages and benefits
- Maintaining employment once hired
- Securing opportunities for advancement once *hired*
- Developing and utilizing a network of professional contacts who can aid the job search effort

A successful job search is dependent upon the confidence, willingness, and preparedness of the applicant. Students and graduates are encouraged not to place restrictions on their job search endeavors regarding location, starting salary, and specific benefits. Any employment students or graduates may obtain through the institute's assistance will, in all probability and likelihood, be an entry-level position.

Library Resources

Copies of the following books are kept at the office: Bumper to Bumper Text, DMV Booklet, The Interstate Truck Driver's Handbook, Federal Motor Carrier Safety Regulation Handbook (D.O.T.
